Maximize Fuel, Minimize Stress

The **Mazda3** and **CX-30** offer impressive efficiency and modern safety tech for daily highway drivers.

1

Modern Safety Suite

Blind-spot monitoring, lane departure warning, and adaptive cruise control for busy traffic.

2

Driver-Centric Comfort

Refined interiors designed to reduce fatigue on long drives to Port Hope or Durham.

3

Fuel Savings

Highly efficient engines that keep transportation costs manageable as gas prices fluctuate.

Confidence in the Snow

Mazda's AWD-equipped SUVs provide the traction and space required for unpredictable Ontario winters.

Winter Ready

The CX-5, CX-30, CX-50, and CX-9 offer intelligent AWD systems that monitor road conditions to improve traction on ice and snow.

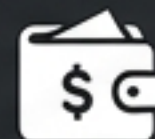

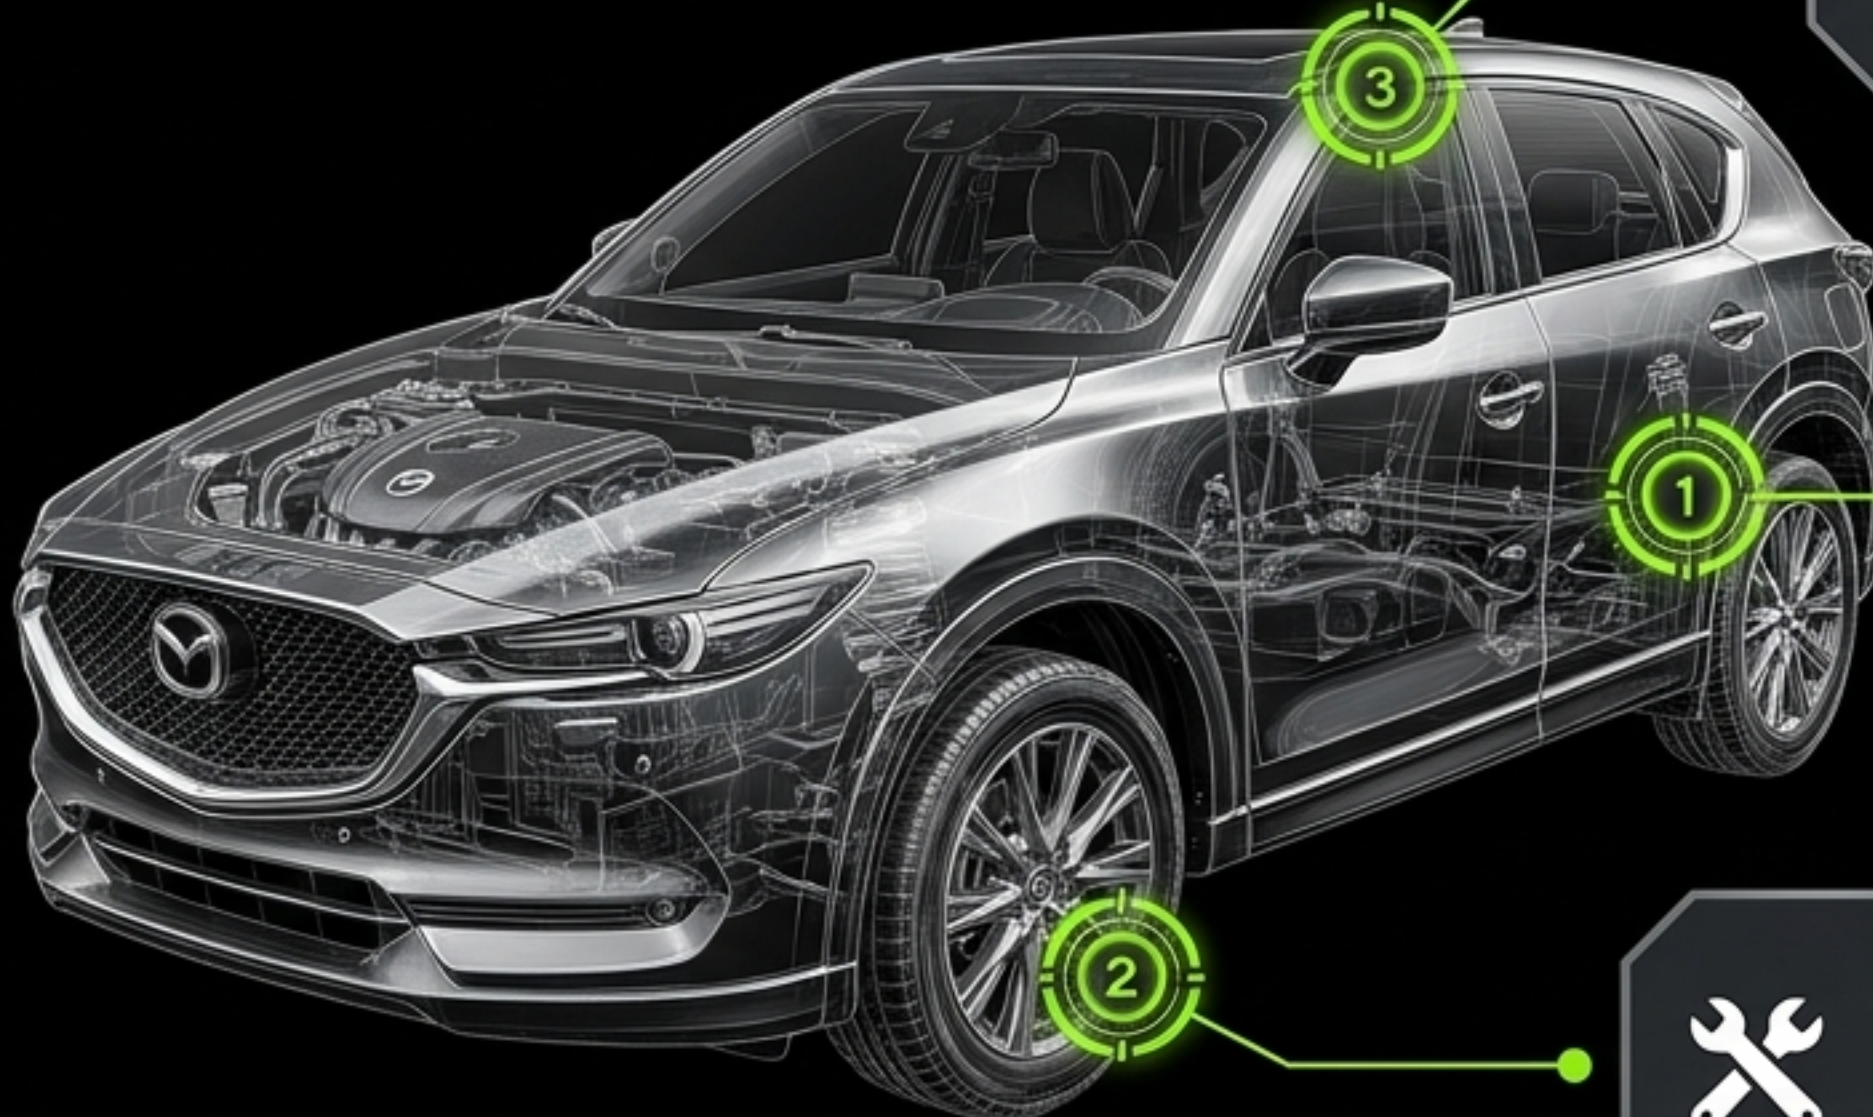

Family Utility

Ample cargo space for sports equipment, errands, and trips to Cobourg Beach.

The Expert Setup: While Mazda's AWD improves acceleration and traction, pairing it with quality winter tires is the ultimate requirement for safe cold-weather stopping and handling.

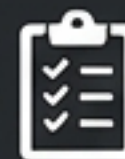

Look Beyond the Paint

A great used vehicle is defined by a clean history, solid mechanics, and predictable ownership costs.

Total Cost of Ownership:

Look beyond the sticker price. Calculate estimated insurance premiums, fuel expenses, and routine maintenance.

Vehicle History:

Always review the CARFAX Canada report for previous ownership, accident history, and consistent service records.

Mechanical Condition:

Insist on a quality inspection of wearables, including brake pad wear, tire tread, suspension, fluid leaks, and battery health.
