Capability

## Heavy Duty: Uncompromising Capability

Engineered for equipment trailers, RVs, farming, and commercial fleet operators.

**2500 Models:** Optimized for heavy recreational towing, large RVs, and multi-horse trailers across Eastern Ontario.

**3500 Models:** Maximum payload and towing capacity for commercial operators, heavy agriculture, and large fleet managers.

# What to Look For Before You Buy

Evaluate a used truck based on history, specific towing configurations, and seasonal readiness.

## Vehicle History

Thoroughly review maintenance and ownership records.

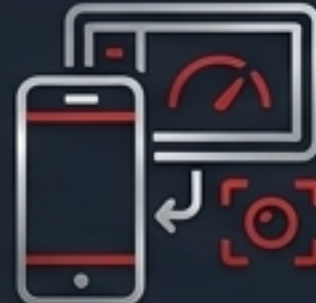

## Towing Specs

Pay close attention to rear axle ratio and engine options.

## 4x4 Capability

Essential for cottage access roads and snow-covered routes.

## Cabin Tech

Look for backup cameras, blind spot monitoring, and remote start.

# Trade-Ins & Financing Made Simple

Leverage the equity in your current vehicle to lower the financed amount on your upgraded truck.

**Your Current  
Vehicle**

**Dealership Equity  
Assessment**

**Reduced  
Purchase Price**

**Flexible Monthly  
Financing**
